

Create Your Own Slots Game!

Guidelines:

- Halloween themed
- A goal/way to win
- Loops/can be replayed
- If statements
- Proper variable naming
- **Commenting is optional**
- Made on any programming platform (Java, python, scratch, etc)
- Fun graphics or sound (if you know how)

WHEN FINISHED, SUBMIT THE SOURCE CODE UNDER THIS ASSIGNMENT!!

A voting will take place at the end of October after the GAME FAIR to vote on the most creative and enjoyable game!
